# *Growth . . .*

*. . . some trees take hundreds of years to reach maturity . . .*

*. . . some insects mature and die within a matter of months . . .*

*. . . for human beings, reaching physical maturity takes around twenty years. Growing up mentally is a process of learning new things, knowing new people, and meeting many kinds of situations;*

*all of this contributes to the growth of our mind and body.*

*But our spiritual life also takes years to develop . . .*

*. . . in prayer . . .  
. . . in Bible reading . . .  
. . . in meditation . . .*

*This year our growth in Christ has  
either been helped or hindered by . . .*

*. . . our devotional life . . .*

*. . . our friends . . .*

*. . . our school work . . .*

*. . . our social life . . .*

*All of this and much more influences our  
Christian life; our goal must be to "know  
Christ, and the power of his resurrection."  
So let's keep looking to Jesus, the author  
and finisher of our faith, and continue to  
GROW in Him!*

*"But grow in grace, and in the knowledge  
of our Lord and Savior, Jesus Christ."

Superintendent

Once again it is our pleasure to commend to you this pictorial record of a school year at N.C. compiled by our annual staff. Our Reflector Staff has endeavored to present a composite of the activities and the people that created the history of the 1972-73 school year.

What can't be pictured, however, is how these people and these activities together worked toward accomplishing the thrust of the key verse for this annual. "But grow in grace, and in the knowledge of our Lord and Savior Jesus Christ." Many of the activities were exciting. Classes were both interesting and dull. Chapels were inspirational and so-so. Interpersonal relationships were varied. But in all a resultant "growth in grace, and in knowledge of our Lord. ." has been the goal, and, we are confident, was the result.

Peruse these pages with "growth in grace, and in knowledge" in mind. Perhaps your imagination can picture what God has done and in some cases what He would like to have done in hearts and lives.

Walter O. Ediger

Principal

*"But grow in grace, and in the knowledge of our Lord and Savior, Jesus Christ."*

Education is growth. The development of minds and bodies has been the traditional concern of educators for centuries. But CHRISTIAN education adds the all-important third dimension, Spiritual growth. For thirteen years Nebraska Christian High School has offered quality education and Christ-centered activities to Christian teenagers. But even more important than this has been the challenge to let Christ control our lives and fill us with His Grace: to mature in the most important knowledge in all creation, "the knowledge of our Lord and Savior."

As we page through this REFLECTOR of the 1972-73 school year, let us pray with the apostle, "That I may know HIM, and the power of His resurrection, and the fellowship of His sufferings, being made conformable unto His death." (Phil. 3:10)

*"I will sing with the Spirit, and I will sing with the understanding also." I Cor. 14:15*

*The Bible speaks often of praise to God, worship of Him as the Supreme Being, an all-wise and loving Father. Through our voices we give expression to God of our love and adoration: we worship him. It is important to remember who we are singing to, and "sing with the understanding." At N.C., students are given an opportunity to use their voices in praise to our wonderful Savior, Jesus Christ.*

# ROWSE "DOUBLE 9" MOWERS

This is the mowing outfit that is finding favor with farmers and ranchers alike, featuring two I. H. C. mowers with 9-ft. bars mounted on one tractor. Both mowers are the pitmanless balanced head type for smooth, fast operation.

Rear mower is driven by a drive shaft through 2 right angle gear boxes. Each mower bar is raised and lowered individually from hydraulic system of tractor.

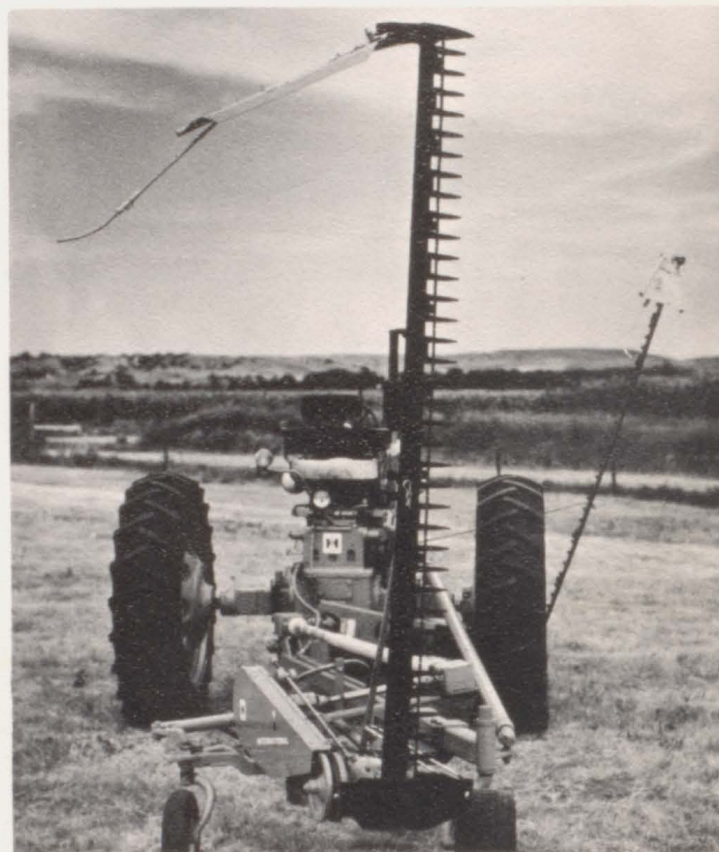

Mower in operating position.

## TRANSPORTATION IS NO PROBLEM

It takes only seconds to change this trail mower from mowing position to transport position. To transport the mower, simply release the ball hitch on the front end of the tractor and hook to the ball mounted on the rear axle of the tractor, thus letting the mower trail directly behind the tractor. The two wheels on the trail mower are caster wheels and automatically assume the direction the mower is being pulled.

(This Mowing Outfit can also be furnished with two 7 ft. bars instead of the two 9 ft.)

Ready to be moved anywhere.

● This rake is very flexible and merely floats over the ground, as the rake is carried by 5 wheels which are so arranged that uneven ground has little effect on the rake. This also protects the rake teeth from breakage.

● Another feature that protects the teeth is springs on the holddown, which absorb much of the shock and strain on the teeth.

● One double-acting hydraulic cylinder easily operates the rake.

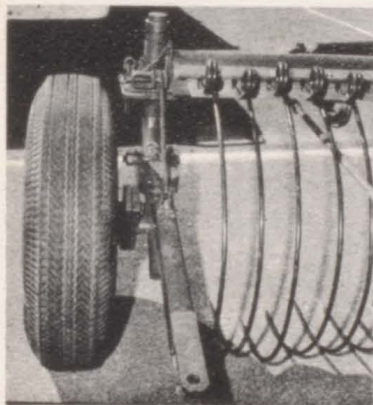

● This is the rake that has made all other rakes obsolete, and has found favor with farmers and ranchers alike.

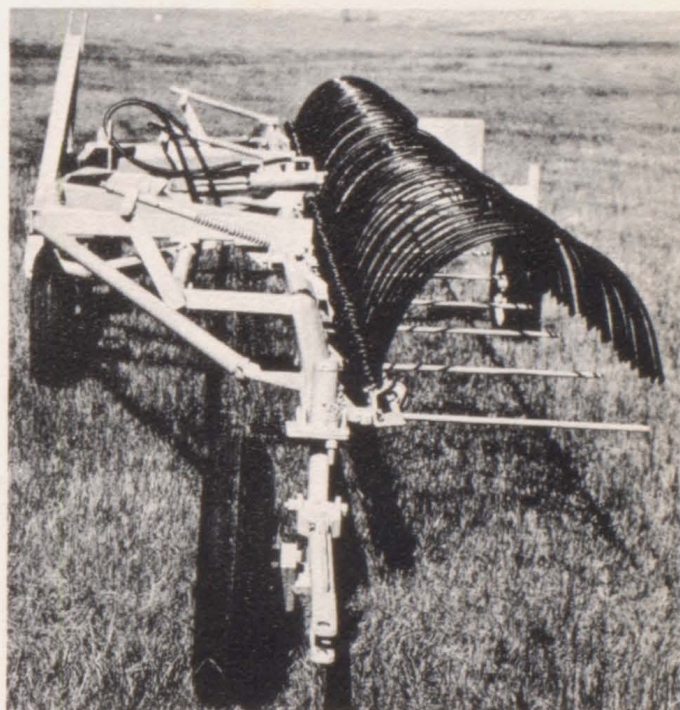

Rake, in operating position.

## TRANSPORTATION — NO PROBLEM

It takes only seconds to change this rake from operating position to transport position. To transport the rake, the tractor is disengaged from the main tongue, which is then lifted to an upwardly position. The tractor is then engaged to a short tongue which is assembled to one of the end wheels. This wheel is locked in position by means of a pin when the rake is in operating position. (See picture at left.) The opposite end wheel locks in two positions, one for raking, the other for transportation. The center wheels are caster wheels, and automatically assume the position the rake is being pulled. The rake is only about 8 ft. wide when being transported, and can be pulled by car or pick-up at least 50 miles per hour.

Simple Mechanism changes to transportation position.

Ready to be moved anywhere.

# Strength for Today from the Past

Tim Detweiler shares himself and his faith with inner city children from Operation Wichita in an activities program sponsored by the college. Hopefully, persons are more important than programs at Hesston.

Hesston strives to be a Christian place. It is also Mennonite, bringing to bear the traditions and values of both ideas. Hesston College is sixty years old. Yet the structure stands tall and intact as we continue to build on the strongest of foundations.

For "No other foundation can anyone lay than that which is laid, which is Jesus Christ." 1 Cor. 3:11

## In Memoriam

When the Lord called Carl Baltensperger home to Glory, Nebraska Christian High School lost a faithful friend. As a member of the Advisory Council every year since 1960, he contributed to the school in a variety of ways. Both his son and his daughter graduated from Nebraska Christian.

Carl held several positions of leadership in his church and taught Sunday School until just a few days before entering the hospital. He was also known for his active participation in the Gideon Bible Society.

It has been said of Carl Baltensperger that "whatever he endeavored to do, he went beyond the call of duty and put all his energy and being into each task."
